

COBYS Kinship Online Support and Educational Services *For Families*

Are you raising a relative's child?

Kinship arrangements are often unanticipated and can result in a range of unique household needs and challenges. Support is available!

Kinship Support/Educational Sessions: If you are a Kinship Caregiver raising a relative's child, you are not alone. There are many kinship caregivers in Lancaster County. Meeting with other grandparents, aunts and uncles that are raising a relative's child offers valuable support from people that understand the unique challenges that your family is experiencing.

Join us each week on Zoom to talk about topics specific to kinship care and connect with people in similar situations. Unfamiliar to Zoom? We will talk you through the setup, and even have a front porch lesson if needed! Or, you may also join by using your phone.
